

This brochure has been designed to provide you with basic information prior to making a purchase decision. Please refer to your local dealer for additional information before you buy. Coachman Caravan Company Limited reserves the right to alter technical specifications, prices and model ranges as materials and conditions demand and can accept no responsibility for discrepancies between these and subsequent models. Household items illustrated in the brochure (e.g. fruit and personal effects) have been used to enhance photography and are not supplied with the caravan. Limitations in the printing process may mean colours are not truly represented. It should be noted that distributors and dealers are not the agents of Coachman Caravan Company Limited and therefore are not authorised to bind the Company by any specific or implied undertaking or representation. Please note: Touring caravans are designated by the model year. The model year runs from the 1st September to 31st August: for example a 2009 year model would have been despatched by the manufacturers no earlier than 15th August 2008. All Coachman models have been certified by the National Caravan Council for compliance with stringent European Standards, British Legislation and industry set Codes of Practice, specifically relating to health and safety issues. The approval process covers the testing and inspection of critical areas of the product from fire safety, weights and dimensions to gas, electrics and ventilation. Every Coachman caravan carries the 'NCC Approved Caravan' badge. The NCC also conducts unannounced inspections at the Coachman factory to ensure continued compliance. NCC Approval gives you peace of mind that your caravan is legal and safe.

The tow cars used in this brochure are for illustration purposes only.

As the owner of a Coachman caravan, you will be automatically entitled to membership of our Owners Club. **The 2009 Range**

# The best of Britain

Today, too many products no longer strive to be the best. Instead, they settle for the least they can get away with.

From the initial design through caring state of the art manufacturing, stringent quality control, rigorous pre-delivery checks and annual durability testing (120,000km) at the demanding Al-ko test track we aim to build the definitive British touring caravan, of exceptional quality and outstanding refinement, for budgets large or small. And our efforts haven't been in vain.

In 2007 Which Caravan described the Amara 450/2 as the best they'd ever tested, and awarded it a "perfect 10". In March 2008 they gave the Laser "the first and thoroughly deserved 10 stars we've awarded for build on a UK caravan." Now a book featuring the best of British manufacturing (Made in Britain: The Best of Quintessentially British Companies) has included Coachman alongside great

British brands such as Aga, Hovis, and Marmite.

We've also taken steps to ensure that – like those other great British brands – Coachman caravans will be around for years to come. In a first for any caravan manufacturer, this season we have increased our manufacturer's warranty to 5 years, combined with a 6 year water ingress and delamination guarantee.

So what better way to tour the best of Britain – or farther afield – than in the best of British touring caravans from Coachman? While you rest and relax in our caravans, you can be sure we never do. Instead we work constantly on improvements and enhancements.

So you'll be glad to know that Coachman take a different view.

That's why, for example, we are now fitting a one-piece exterior door with sliding window, flyscreen and blind and a full door flyscreen in all our models. Why the automatic Al-ko ATC traction control system has been introduced as standard on VIP and Laser models. Why leather upholstery is now an option on fixed bed VIP, Laser and Pastiche models and why our Amara range has undergone a complete re-design – from its furniture right through to the exterior graphics.

Browse through this brochure and you will find even more reasons why a Coachman caravan is the touring caravan for those who won't settle for less than the best.

# The best of the best

## You deserve it

The Coachman Laser is your reward after a busy week or a long drive. Somewhere to relax, recover and rediscover the pleasures of freedom and fresh air. But while the Laser is the ideal way to get away from it all, the level of luxury it offers means you don't leave anything behind that you'd miss.

# Making the best better

## Unexpected luxury

Luxury is what Coachman Laser owners have come to expect. Which means every year we raise the bar a little higher with unexpected, but much appreciated, improvements. This year is no exception.

This year's Laser feels even more luxurious than the last. For example, models with fixed bed layouts now have a real leather upholstery option, combining luxury, quality and practicality. So if you usually expect the best, expect it to be even better this year.

New five year manufacturer's warranty and six year water ingress and body delamination guarantee

### External Features

- Aluminium sides manufactured from thicker aluminium for greater impact resistance

# Best quality & refinement

## Tour in luxury

In our constant quest for luxury and perfection we have refined the VIP range for 2009 even further. We have added a new walk-round fixed bed layout, new domestic style bathroom doors (460/2 & 520/4), new stylish black oven and stainless steel finish refrigerator, new full length door flyscreen, new style omnivent and the option of luxurious leather upholstery on fixed bed models.

# Best protected

## Safety & peace of mind

The 2009 VIP range not only provides the ultimate in quality and refinement it also provides first class safety and peace of mind. With the Al-ko ATC fitted as standard you are automatically safeguarded against many critical driving conditions. Manoeuvring past heavy goods vehicles, coping with excessive side winds and dealing

with other road hazards can be done with the utmost confidence. And for your peace of mind the VIP is protected with two leading anti-theft devices. We fit the Al-ko Secure wheel clamping system as standard on all VIPs, and just in case that isn't enough to deter, the VIP also comes with the leading vehicle tracking system.

New five year manufacturer's warranty and six year water ingress and body delamination guarantee

# Looking its best

## Travel in style

Open the new-look, one-piece exterior door of the Coachman Pastiche – with its full length flyscreen – and you step into a caravan that's all about style. From its designer-look stainless finish fridge, to its real leather upholstery (optional on fixed bed layouts), the Pastiche is the caravan for those who don't want to leave good taste and comfort at home when they tour.

# Best before...

## Timeless quality

Fashions come and go, but a Coachman caravan is not so short-term. The stylish interior design of the Coachman Pastiche is designed to look good now and for years to come.

It's not only the finishes – like black for the oven, and stainless for the fridge – that are timeless, practical and hard-wearing. It's also the Pastiche itself. Like all Coachman caravans it has the first ever 5 year manufacturer's warranty: guaranteeing you'll be enjoying your caravan well into the next decade.

# Best value

## It's your choice

Even after its complete redesign for the new season, there's still one thing about the Coachman Amara you will definitely recognise: its unbeatable value for money. That's one of the reasons why Amara is the choice of so many caravanners, and the most popular Coachman in the range.

# The best yet?

## More change

So many things have changed on the Coachman Amara, but it's the new exterior graphics you'll spot first. Then you're drawn in – past the new full exterior door flyscreen – to the new-look interior.

Redesigned interior furniture with new cupboard doors and handles. New stainless finish fridge. A new, thick, domestic style bathroom door on Amara 450/2, 520/4 and 640/6 models. Even a new touch control for the Omnivent roof vent. So much change – yet you're still left with more change in your pocket.

New five year manufacturer's warranty and six year water ingress and body delamination guarantee
